Never finished high school?

Now you can get a diploma without going back

You already know why it's important to have a high school education. You've probably learned the hard way that it can be pretty difficult to get the kind of job you want without one. No matter how hard you're willing to work.

What can you do about it?

Maybe you've thought of trying again to get a diploma. But you've suffered enough classroom "battle fatigue" to last you a lifetime. So you'd hate to travel that route again even if you could.

But what if we told you that there was now a much better way to get a high school education? An adult way, which gives you regular high school subjects and your choice of practical vocational subjects which help you get started in one of a number of profitable fields.

That's the unique Wayne School way. You do your reading and assignments in your spare time, in the relaxed atmosphere of your own home, and "turn in" your completed assignments by mail. You don't have to give up your present job. You don't have to study or travel to class at inconvenient times.

And you needn't be afraid of dropping out all over again, if you had trouble with school before. Wayne's specially prepared lessons make even difficult subjects much easier to take. And Wayne grades your assignments in private, by mail. You're free from competitive classroom pressures. You stay relaxed, and your progress is much smoother.

If you're 17 or over and not now in school, why not send for more information? Mail coupon for our free booklet, *"How to finish High School at home."* You're in for a pleasant surprise.

Boners, Moaners and Groaners

For more than thirty years I have taught these darling little children in the grade schools. It has been necessary for me to give them examinations on what they should have studied and should have learned. Sometimes the examination is written. Other times it is oral. I also have to ask them questions about what they are doing. One thing is certain: if teacher is not clear in pronouncing a word or doesn't make the meaning clear of a thought, those little kids will give you unusual answers. The kids always enjoyed trying to catch teacher with a riddle or puzzle. Or find something that the teacher doesn't know. And how happy a boy or girl is when this has been accomplished.

For three years I taught at P.S. 48. Dr. John Waterman was the principal when I was there. We had regular classes; special classes for gifted children; and what was known to us as "slow classes." If you got a slow class you regarded it as something of a punishment. And at the end of my second year there, I really pulled off a big boner. It was my turn to have my class give a play in the auditorium on Friday.

I got a play from the school library. And we rehearsed it several times. My head began to swell. I was going to have a hit on my hands. I will never forget what happened. Our "leading lady"-Elsie-was sick and didn't come to school. And poor me had to go ahead and say I was dumb - didn't have a stand-in for her. So the play couldn't go on! Oh, was that principal furious at me.

So came the next term and I got one of these so-called slow classes. Thirty-seven boys who didn't want to study; didn't want to learn; didn't want to do homework; and most of all-didn't want to obey the teacher. My headache was starting to get a big headache all on its own. And then Mr. Franklyn Muller, the father of one of my boys, came to see me.

"I know what you are up against," he began. "I got an idea that might help. In a deal I had to take twenty shoe shine boxes. With polish, brushes, cloth, and other items. Why not give them out? One to half of the class. Then the next day the other half uses them. They give a shine for two cents. In school or out of school. I know the police captain. I can explain it is a school project. You can teach the boys mathematics, english, manners, and anything else you want to. And I have a selfish motive. It will help my son. What do you say?"

Seems the principal had to go to the Board of Education to do some special work. So I grabbed at it like a sailor looking for something to hold not to drown. Two cents a shine? All the kids that had two cents got a shine. Also the teachers. And outside the school-my class did a landslide business! They knew how to make change. And how to be polite. They wrote essays on their experiences. It actually worked!

They really weren't slow kids at all! Just didn't have any motivation. And when they discovered some of the people for whom they shined shoes spoke Italian, German, and Spanish-they wanted to learn the language. So I bought language records! And they just amazed me. It was a new wonderful experience for me!

Most of all, the kids were thrilled by the fact that they were earning money. And then the principal came back to school. And how was he greeted?

"Shine your shoes? Best shine in the school. Only two cents." Next thing I knew I was in his office. I listened to him really yell at me for twenty minutes. He was going to have my license taken away from me! What had I done to those kids? They should be studying from books. I was turning them into shoe-shine boys! And I felt the best thing in the world would be for the floor under me to open. And somehow I could be swallowed into the earth. Maybe if I was no longer a teacher, I could shine shoes?

And just when I felt so despondent, into the office walked our School Superintendent, Dr. Theodore Cass. He was all smiles. Put a magazine on the desk of the prinicpal.

"I congratulate you, Dr. Waterman," he began. "You have vision. Read this article about your school and that wonderful teacher right here with you. You were willing to see new horizons! Give children an incentive. I want this teacher relieved from all his classes for two days. He will attend the Superintendents' meeting. And tell about his work. Also bring some of the boys with him."

You should see how my principal changed at once. All smiles. Shook hands with me, and said how he liked my work. That article? It was written by Mr. Franklyn Muller!

Spy-All Lets You "See Through" Walls, ... Fences and Locked Doors!

Secret of Private Detectives and Industrial Spies Revealed!

A remarkable optical device about half the size of a cigarette now makes it possible for you to see without being seen. People who relax in "privacy" have no way of knowing that you can see everything they do!

Spy-All allows you to secretly observe every action—while you stay safely hidden. Operation of the tiny device is silent; almost impossible to detect. The eye-piece is no bigger than the head of a pin!

If you drilled an ordinary hole through a wall, fence or door, you could see very little. But installation of Spy-All's unique optical principle, called "X-pand," multiplies your field of vision. With X-pand, almost no detail or movement in a room can escape your Spy-All sight! That gives you some idea of Spy-All's powers! But the real surprise is the price: three dollars!

Unlimited Uses:

Spy-All's uses are limited only by your interests and imagination!

Spy-All can penetrate a 3-inch-thick wall in your home, office or factory. The highest fence or thickest door can't stop you from observing—without being observed!

Professional Uses Suggested:

Private and hotel detectives. Insurance investigators. Undercover agents. Security guards. Store owners—watch shoplifting suspects. Employers—get eye-witness proof of loafing or theft. Hospital staff—watch restless patients without disturbing them.

Camera hobbyists can even take pictures through its low-distortion lens! And Spy-All has possibilities that Candid Camera never dreamed of!

Order Spares and Extras!

Order spares so you're never denied sudden or unexpected opportunities. Order extras for trusted friends; they might be glad to pay you a handsome profit.

The Spy-All principle was perfected in Germany. They are now being sold by a special division (Detection Appliances) of a reputable mail order firm, located at 466 North Western Avenue in Los Angeles. Their total sales throughout the U.S. are over $1,000,000. The owner has been a respected local businessman for 19 years.

5-Year Service Guarantee!

Spy-All is sold with this 5-year guarantee: If it fails to work due to any defect, without any charge, D.A. will either repair or replace it—or at its option, refund the purchase price.
